Leave Policy

Northstar Demo Services | Fictional sample policy | Version 1.0

1. Purpose and Scope

This sample leave policy explains time-off rules for fictional company Northstar Demo Services. It applies to full-time employees in the sample scenario.

2. Annual Leave Allowance

Eligible full-time employees receive 12 casual-leave days per calendar year. Casual leave is intended for short, personal needs and should be requested in advance whenever practical.

Eligible full-time employees receive 10 sick-leave days per calendar year. Sick leave should be reported to the manager as soon as reasonably possible.

3. Request and Approval

Employees should submit leave requests to their manager at least two working days before planned leave. Emergency or unexpected sick leave may be reported as soon as possible.

A manager should approve or decline a request through the company's fictional leave-tracking system. Submitting a request does not itself mean that the leave is approved.

4. Public Holidays and Records

The sample company observes 10 public holidays each calendar year. The holiday list is published separately and is not included in this document.

Employees should check their leave balance in the leave-tracking system. This sample policy does not specify whether unused leave can be carried forward or paid out.
